President's Report

As referenced in the May/June Current we had contracted with Giffels-Webster Engineers, Inc, Englewood, FL. The (4) troubled areas of Lazy River have been inspected by their engineers and the necessary corrections are currently being evaluated.

On August 6th, 2021 the Giffels-Webster Engineers presented LRV with a Technical Memorandum addressing:

- 1) Surveying and repairing of Lake Frangipani, Antigua Lake and the drainage to the Martinique Canal.
- 2) Surveying the Marina canal bank and Island Point Rd roadway for erosion and roadway stability. (Giffels-Webster Engineers, Inc.)
- 3) Survey and repair cul-de-sac drainage across and under #102 Lazy River Rd., which includes under the driveway, the house and seawall.

(continued on page 3)

Manager's Report

We have been working on the flooding issues and have spent time and labor checking all the pumps that move water from backyards to the lakes. We have replaced a couple of pumps and secured a couple of additional spare pumps to be prepared to replace as needed.

We have had an engineering firm in to look at the erosion along the bottom of the boundary wall next to Lake Frangipani. They have provided us with a multiphase plan to manage the level of the lake and we are in the process of completing phase 1.

We will then determine if that alone handles keeping the overflow of the lake onto the sidewalk on the outside of the wall. Subsequent phases will be implemented if needed.

President's Report *(continued from page 1)*

- 4) The Bocce Courts have fallen behind due to various problems.
- 5) Director Tom VanMassenhove will be evaluating the Memorandum and prepare a committee to develop a time frame and plan of action.

The front walls new/repaired lighting should have been completed by the end of June. Due to weather conditions and other maintenance demands our completion goal is the end of August.

As I began writing this Current's message the headlines in the Sunday paper (8/8/2021) reported the United States was averaging 100,000 new COVID 19 cases a day. The seven-day average for deaths rose from 270 per day, two weeks ago, to nearly 500 a day as of 8/6/2021. As most of us are aware, LRV is experiencing a new round of COVID-19 among our residents and personnel. It is recommended by the CDC to wear masks indoors in public places, and social distancing, 6' from others. We will adhere to the guidelines and evaluate the changing situations. We all want to be safe.

Remember, we are still in Hurricane season. Please remain aware of your neighbor and their well-being. We all need to look out for one another.

In the July/August 2021 Current I had asked our boating/kayaking community to keep the Marina ramp chain up in place, across the ramp, when not loading or unloading. It was the last sentence of my report. Maybe some of us missed it. The sign and chain are in place to keep us aware of the dangers working around boat ramps, with wet slime covered concrete, etc. If you see someone left the sign and chain laying on the ground, have the courtesy to put it back up.

Remember to replace the chain across the ramp after loading or unloading your boat or kayak.

Stay safe over the summer.

*Respectfully submitted,
Charles Sulzbach, President*

Manager's Report *(continued from page 1)*

The engineering firm gave us a plan that was implemented to move water from the cul de sac at the end of Lazy River Road, to the river, keeping the water from undercutting the driveway at address 102.

The third plan gives us alternatives to review, to ensure the Marina stays intact, but more importantly, that we maintain the road to and from Island Point. This obviously, is an important part of the community.

We are also looking at diverting water that collects behind 153 Lazy River Road, to the scale and off to the river.

Community Realty Services Report

Welcome Summer Sunshine and Can't wait to see you next year Snow birders!

It's been a crazy few months, we went from 19 listings to zero and now currently have one home located for sale on Island Point in Lazy River Village!

As most of you know, my perky partner Perry has moved out of Lazy River Village but will continue to work within Lazy River Village with his Florida Real Estate license and Community Realty Services! We are excited he has agreed to continue working with us!

As of today there are currently no homes on the market in Village at Riverwalk or Harbor Isles.

We will not be keeping the Welcome Center open during the summer but will always be available by appointment anytime!

Gotta run, it's time for a virtual showing at 142 Island Point, keep your fingers crossed that I can bring you another great new neighbor!

*Sincerely Selling,
Justine Mackie, Realtor, CAM

Beautification Committee

The Beautification Crew has been hard at work this summer picking up aluminum doors and windows and of course the cans! Carmelle Awad, Al Hazlitt, Carl Redenbo and Roy Auvil are the pick up and crush team!

Bob Stanko has had a busy summer as well, beautifying our village! Bob has painted anything that has not moved out of his way. All parking blocks, all stripes on the road, the boat rack at the Marina and the railings at the Marina.

When asked why he does all this painting Bob replied, "Roy told me to!" Way to go, Bob!

Beautification would like to thank Mike McDonald for his donation of multiple tools and equipment to the village for all to use. To thank him for his generosity we presented him with a cash gift to take his bride to dinner. We hope he did that, but he also presented Beautification with a 42 inch stand-up fan to keep the guys cool in the Beautification shed. Many thanks from Beautification to the McDonalds, you are the best!

As always, put your cans out for Friday am pickup and thank you, Lazy River!

Respectfully submitted by Carol Basch

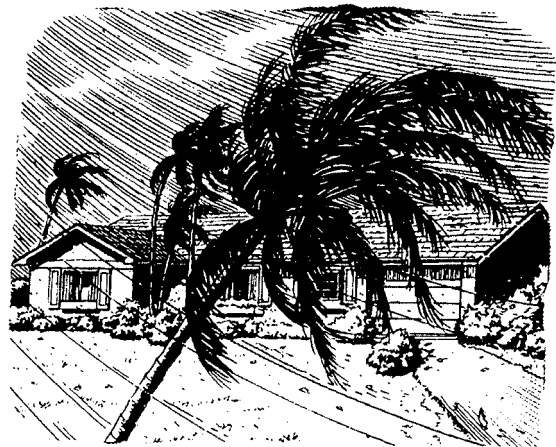

Attention All Myakka Room Users

By the time this issue of the Current is out, school will probably be in full swing. Teaching Sunday School this year for a younger group of children is causing me to go back to the basics.

Children begin with learning the basics of what they will need in life to be successful, spiritually we do, too.

Adam's failure to obey the one restriction, caused the whole human race to inherit the consequences of his sin's penalty, which is death. Adam and his wife Eve did not die immediately, what did die was their ability to walk and talk with God personally. Therefore, we all come into this world without knowing God personally. We must be taught about Him from someone that does know him personally.

We can become confused in reading the Old Testament, in assuming that by keeping the rules we can please God. Self rule was the devil's plan which brought death in the first place. Rules allowed the Jewish nation to learn how to live peaceable with each other and about the authority of God, in which He would bless them in their obedience, or cause sorrow because of their disobedience. This was the Covenant that God made with his people, the Jews. Consider this: Rules may govern our behavior, but does not govern our inner person – how we think, feel and decide. From the beginning God asked that his people would love Him above all other loves by putting Him first. God is the One who has provided life itself and Who has the power over death.

In the New Testament, we read in Matthew 22:36-40 that we are to love God with all of our heart, and with all of our soul, and with all of our mind. The addition of the "mind" to the new Covenant from the Old Testaments is why Jesus, who came as a Son, told his disciples whatever a person thinks is the same as actually acting on that thought. It is God who reads our thoughts and knows what's in our heart Matthew 5: 27-28.

This brings us to another fact to consider. If God can read our thoughts even before we have acted on them and considers it a done deal, what can we do to control our thoughts? Well, the answer is in who is in control, you or God?. When we have accepted

the Truth that not only is there a God who created everything, but that He has prepared the only way of escape from death eternally, saved from the wrath of God for our sinful rebellion. We speak of this as salvation. God promises to give us His Spirit that can guide us in our daily life. Philippians 4:13 tells us that whatever we need to do, to do the right thing and obey God, His Holy Spirit is there to help us. Now we still have the ability to do our thing, but if we are willing to obey He will help us to become more like Jesus every day.

So, what would it be like to be like Jesus in all of our choices? We would always express ourselves in love, joy, peace, long-suffering, gentleness, faith, meekness and self-control. (Galatians 5:22-23). In addition we would have a joyful, thanks-giving heart with a submissive spirit filled with the power to be that witness of who Jesus really is, giving Him all the credit for what life you now able to live. Sounds impossible – yes it is without the Holy Spirit in control of our heart (our will, our mind and our emotions). God has made this one of His commandments, Ephesians 5:18. Read it and see for yourselves.

In our Thursday morning Bible study class we can talk and discuss God's Holy Bible. Hebrew 4:12 tells us that His Word is able to discern our thoughts and the intents of our heart. Come join us. It is open to all starting 10:00am in the clubhouse every Thursday rain or shine.

Look What the Wife Dragged in..

Look what the wife dragged in, was the opening line from a new client. Karen burst out laughing and tried talking through her hysterics. It was one of those rare days when Karen was at the front desk.

You might think it was funny to Karen since it is a riff on what the cat dragged in, but it was funny since it brings to mind our theory that the only way to drag in a husband for a hearing test is to bash him over the head caveman style and drag him in. (We are not encouraging violence.)

Karen and Madge talked about how she was able to drag in her husband. To be fully transparent here, there was a threat of violence but no harm came to any husbands.

Madge owned up that she did threaten to suffocate him in his sleep if he didn't get this corrected and soon. Apparently, lack of breathing was the initiating factor in his decision to come in and see Blair for new options.

I would love to help all the wives who have struggled with husbands who don't hear well. I wish I had that one line, that recommended saying that could get him to make an appointment and get his hearing tested, unfortunately I haven't discovered what it is.

Although I have noticed that Karen is still searching for a line that can get husbands to do what a wife wants them to do, maybe she wants me to do something.

If your husband struggles to hear at the dinner table, you might suggest "pillow" therapy or he could set an appointment for a free hearing test and demo, 941-244-9300. Wishing you peace in your home.

Pickleball

During the summer months I have found that Pickleball has grown in popularity in my hometown in Rhode Island. We have had 6 new courts lined this summer to allow for the increase in participation. A reporter from the Rhode Island newspaper wrote an article about her experience taking a Pickleball lesson. She reports how quickly she was able to learn the skills and rules to allow her to jump right into a game.

Reporting from South Carolina, Mary Jean Sturgis, a former Lazy River resident, says that Pickleball is growing by leaps and bounds.

Summer residents at Lazy River continue to play throughout the summer, doing their best to sharpen their skills and looking forward to the arrival of more players.

ECHO

(EVERYONE CAN HELP OTHERS)

Echo is a committee of volunteers from our residents who meet monthly to confidentially discuss needs of our residents or renters.

The volunteers can make phone calls, visit, and provide assistance with maintenance of property, garden yard work, and minor repairs. Food shopping, make trips for errands, tidy up the house, some cleaning, and provide transportation. Additionally, we have information, such as medical and community resources, meals on wheels, home health agencies, companion care, and county resources assistance. The Idea of Echo is to offer help to all residents, including renters, creating a culture of neighbor helping neighbor. It is also a way of getting to know your neighbors.

Looking toward the future, we are in need of Committee members and volunteers. The volunteers can choose how much time to be available and/or schedule specific days. Contact the Chair with questions or requests for registration forms.

Committee members are: Joyce Cote, Pat Krome, Pat Weaver, and Marion Myers. They can be contacted directly or call Chair person - Rosemarie Sulzbach at 941-875-3635. The committee members are listed in the Lazy River 2020 Resident Directory, with their individual phone numbers. You can call any one of us to refer someone who has a need, or email a request for services. We are committed to keeping the information in confidence. If you are interested in getting involved we will be happy to provide you with a survey form. We also send out survey forms yearly to residents who may want to volunteer.

90+ Birthday Celebration

“Happy Days Are Here Again”

Took place on Sunday July 18, 2021 at 5.30PM

What a joyous evening, celebrating our nonagenarians (90 plus). There are 19 residents who are all ninety and over in Lazy River in the summer time. (Absent from the party were Donna Poff, Jerri Meneely and Myrna Miller).

A delicious chicken dinner was served followed by smiley-faced cakes (made and decorated by Dolly Ciarlo) and ice cream for dessert. Robin Bosma had a fantastic display of balloons (all reading 90 plus) at both entrances; Carolyn Brooks made the headliner “Happy Days Are Here Again” and Marion Myers made the “smiley faces” hanging from the ceiling.

The hall was very festive. Each Honoree was presented with a rose corsage (made by Flossie Powers), and were escorted to their seat with a Happy Birthday balloon. We were entertained all evening with the fantastic organ music by Carey Price.

The committee for the summer festivities is: Carmelle Awad, Cheri Case, Vickie Stokes, Beth Peterson, Dolly Ciarlo, Ginnie Wood, Peggy Clay, Nancy Johnson and Marion Myers (all awesome). Those who volunteered to help were: Robin Bosma, Oren Masters, Dick Case, Flossie Powers, Dan Myers (Marion’s son), Bill Campbell (Jan’s son), Dick Ciarlo. We also thank Mike Berg for doing the sound system.

The next date to remember is:

September 26th . . “The Last Round Up”

We thank all those who support our Summer programs. There were 115 residents present.

THIS AND THAT

A Post Covid Lazy River

For the last year and a half, the COVID-19 virus has dramatically changed the lifestyle we have come to love and appreciate at Lazy

River. All but a few of the activities were suspended and personal interaction was kept at a minimum, for fear of contracting the deadly virus. Many of our residents were unable to return at all due to travel restrictions and fear for their personal safety. It was a tough year indeed, and nothing resembled the culture of this community.

During this time the housing market soared and most all of the homes for sale went quickly, resulting in a significant change in our demographics. Approximately 60 to 70 homes changed hands, and most of the buyers are of a younger age group, making some of us feel really old. This should be an exciting time for all of us as we introduce these folks to a community that is known for its active lifestyle. Unfortunately, because of restrictions, few have had the opportunity to experience it, or to get to know the wonderful people that live here.

My hope is that this fall will be different and we will be able to safely reopen the facilities with all of the activities being restored. When we do, it will be essential that we introduce all of our new people to the culture that exists and encourage them to get involved. Just a reminder to you all, this is your community, and if you want to get the most out of your investment, engage in whatever interests you. This community runs on volunteerism, and it is a perfect way to meet people and to make new friends as you enjoy the amenities and all that it has to offer. To you who are younger, you are the future of Lazy River and it is up to you to preserve the image and reputation we have earned as a premier mobile home community.

There is a saying here, that you bought the lifestyle, not the mobile home you live in. I trust that in time, you will come to love this place, as most of us do, knowing that you made the right choice with no regrets.

While this is not utopia, I am optimistic about the future, and I know that someday in due time, when COVID is in the rear-view mirror, we will once again experience the intimacy of a tight knit community who cares for one another, and looks out for each other in time of need.

Resident Security Detail

Please be advised the resident security detail will resume daily starting on October 1st. Currently we are in summer mode, which means residents only do security on the weekends. Maintenance locks up at 3.00PM during the week, and residents must use their key afterwards.

I will be creating a new list of volunteers who agree to participate in the program. I am assuming folks who were on the old list will continue to do it this coming season. If for some reason you can't, please send me an email, otherwise I will put you on.

I am asking all new residents to consider volunteering for this detail. It will take about 30 minutes of your time, only one evening every other month.

I will be having a couple of short orientation classes on performing duties and responsibilities. It is a very easy task, but a very important one. If you are so inclined, please send me an email and let me know the months you will be in the Village.

Thank you in advance for doing your part to keep the Lazy River facilities safe and secure.

The Happy Painter

If you were in Lazy River during the summer, you would find Bob Stanko on his knees, in the middle of the street, painting parking lines, curbs, fences, and even street drain grates.

He also has painted the kayak racks, and marina handrails. He is relentless in his effort to make sure they remain in pristine condition, going out early in the morning before many people are even awake. He does so unassumingly with no expectations. It is this kind of voluntary commitment that makes this Village so special. Lazy River is full of selfless individuals who give of their time and talents because they care. Bob, your community thanks you for all that you do, and know that your work is much appreciated.

The Current Sky – September 2021

Hello Again Everyone!

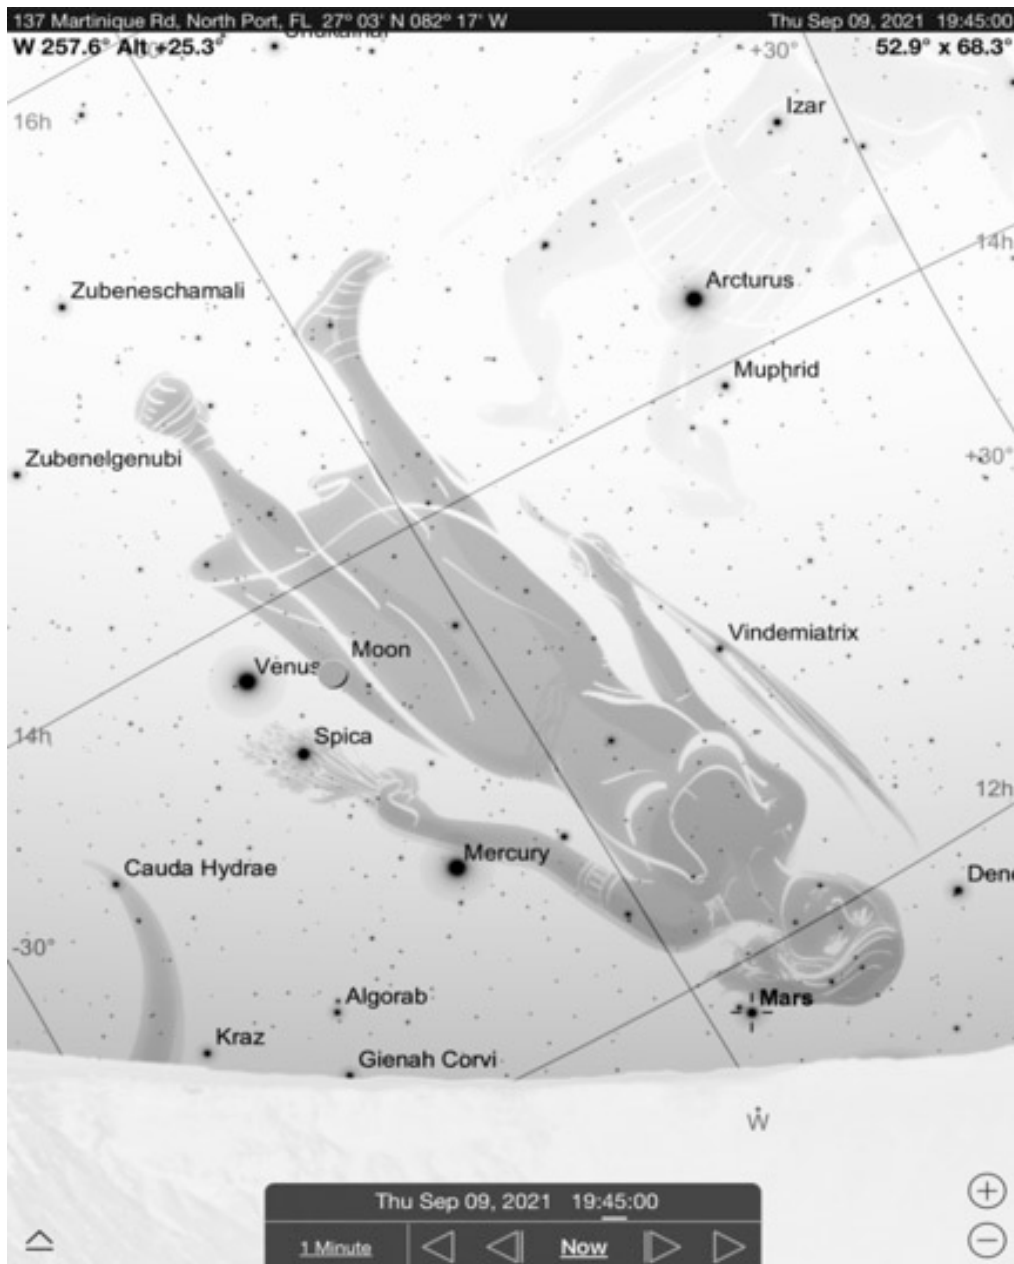

Time is certainly speeding by this summer, in our lives and in the sky. I personally can't wait to get back to LRV!

We typically discuss easy sky items that can be seen just with our eyes in these articles, but with telescopic help in the fall, we will open up our discussions for new items we can observe. One of my more daunting tasks this fall will be to determine what inventory I need to bring back with me!

For this month of September, you will see an interesting lineup low in the western sky just after sundown. The chart below shows the sky at about 7:45 pm on 9/9/2021. If you have a pair of binoculars, it will help you in discerning the three planets from the star Spica. Mercury will be your prize, and for those with a good horizon you will just catch Mars before it descends under the horizon. Venus, of course, is the brightest, close to the crescent moon waxing towards full moon later in the month. Test your eyesight with a flat horizon and see how you do!

Till the next time - Clear Skies and Good Health!
