## President's Report

We have been very busy planning and working towards finishing the new piping from Lake Frangipani to the wishing well and continuing on to Lake Antiqua. But often the best laid plans of mice and men continue to slow the progress with drainage and flooding problems. The fall rains have slowed the progress while we wait for the water levels to shrink down. Not that we haven't been busy. Dick Case discovered multiple sink holes in the south crossover of Cayman Lake.

I have enclosed photographs of the pre and post conditions of the crossover (see page 3). Sink holes can be hidden inadvertently, as Dick Case found out.

## Manager's Report

Folks, the engineers that we hired to handle the erosion issues at the land bridge between Cayman Lake and the river completed the repacking of the soil. They added riprap along the sides of the bank on either side of the culvert pipe to reduce any future erosion.

The engineers also expect to install the pipe from Lake Fangipani to the well house this month. We will add soil and riprap along the edge of the lake to rebuild the bank between the lake and the wall along Rt 41.

The marina and bocce court projects will be reviewed by a committee chaired by Tom vanMassenhove and the committees recommendations on each project will be provided later.

## Beautification Committee

The Beautification Crew is back at it again! Our ladies painting crew is fierce, they have almost completed the Wood Shop! Merrie Mills, Janine Dupe, Andrea Goerge and Kay UMBERGER started last spring and have almost finished the building. They are looking for medium shutters to paint and affix to the building to finish it off. If you have any you are getting rid of, let Roy Auvil know.

The boys did a scrap run in October and we did very well. We continue to pick up scrap aluminum through the park. Old windows, doors, siding, chairs, whatever aluminum, and Jerry Mills, Al Hazlitt, Carl Devol, Bill McGee (of Tobago), Bruce Basch, Norm Dupe and Roy Auvil will strip it down and it will go to the scrapyards for cash for the park.

Beautification continues to do odd jobs around the park to keep it looking great, as always we appreciate you putting your soda and beer cans out at 7:00am for pickup by our can pickup and crushing Crew. Place them in a plastic bag on or under your mailbox and Carolyn Williams, Carol Basch, Carmela Awad, Roy Auvil Bruce Basch, Al Hazlitt will pick them up!

If any one is interested in joining us, we welcome you with open arms! Just show up Monday mornings at 8 am prepared to meet folks, work, and sometimes enjoy baked goods from Jan Campbell (love those brownies, Jan!).

Beautification also has a lot of tools and equipment that is available to be borrowed and returned. If you need to borrow something and the building is locked you can call Roy Auvil or Bruce Basch. It's simple, just sign it out and return it when you are finished using it!

*Respectfully submitted by Carol Basch*

## Activities Team

**ATTENTION ALL CLUB LEADERS**

**Effective January 1, 2022**

The A-Team has agreed that we need to make changes to the scheduling. We will need two people to take care of "The Current" and two people to take care of scheduling. This will be done by getting a program that can be shared with other computers.

Starting 01/01/2022 the scheduling of all common areas will be as follows:

The Boat Club, Boosters, Dance Club, Entertainment and Horse Race will have scheduling priority due to the number of residents that fill these seats.

The Myakka Room will be used for several groups of card players at one time. If you have a small group and cannot play with noise then you will be placed in a smaller room so you have the quiet that you need. With all of our new residents coming in with new ideas we need to make these changes to accommodate everyone.

Thank you for your understanding.

*Your Activity Team  
Babs, Bev, Cheri, Janet, Linda, Lori & Sheila*

## Lift Assist

Who you should call if you have a **non injury** fall? I have spoken to **LIFT ASSIST** and this is the information they gave me.

This is a free service for **Non-Emergency** falls. You can call the number listed below and Lift Assist will send someone out to help you get up. While you are talking with them they will ask your address, cross street, age, male or female and if you are injured.

Here is their phone number:  
**Lift Assist 941-316-1201**

## Sunshine Report

If you know of anyone in LRV who are ill or have passed away, please let Cheri Case know as soon as possible.

## A Friendly Reminder

Please remember that there is a \$50 donation for the use of all the kitchen supplies. That donation should be made to the Activity Team.

This donation keeps our kitchen supplied with coffee, sugar, creamer, paper plates, napkins, plastic table service, plastic wrap, coffee cups etc. and new coffee pots as needed.

*Thank you,

I would just like to thank everyone who came to the ceremony to honor our Vets. Past and present. We had 160 residents present. Thank you to you all. Everything went very well.

Both Lowes and Ace Hardware donated some plants, so I could replace and add to, where needed.

Rich Donelson made the speech. He is exceptionally good at that....he might be a keeper.

The "Young Marines" were very impressive. As was Jan with "Amazing Grace". Our three WWII vets - Paul Myers, Nick Fulbright and Chuck Gross - are still looking good.

I would also like to thank the ladies who helped with the program and also the cake.

A really great thank you to Frankie Mangio for all the music.

**CHRIST THE POWER OF GOD,  
AND THE WISDOM OF GOD**

Mark 13:1-13 “Take heed lest any man deceive you.” This discussion Jesus had with his disciples spoke about the end times. They were thinking that the end result was the restoration of their Temple and their traditional worship. No longer would they be under the rule of the Roman government.

We, today, too often have the same type of thinking. What is it that we want God to do here in America?

We do not want to be deceived any more than the disciples under Jesus’ earthly ministry. Jesus made it clear that people, both then and today as well, either look for signs and/or wisdom to determine what is true (1 Cor 1:20-25). We place more importance on our common sense than we do on God’s Word, the Bible.

The Jews wanted to restore their land and their people to the grander they had in the beginning. They however, did not realize that the problem was their own failure to believe and obey.

Today, too many people professing to be Christians, wear their religious beliefs on their shirtsleeves, not in their heart. God’s rule to follow is very simple: Love the Lord your God with all of your heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like it, Thou shalt love thy neighbor as thyself. On these two commandments hang all the law and the prophets (Matt 22:37-40). So, is the problems we are facing today failure to truly love as God has commanded? What, or whom do you blame for our difficulties?

As I look around, I would say there are many people/ things that we blame, but not our disobedience. How is your love being demonstrated among your neighbors? Don’t forget how Jesus revealed who was our neighbor, Luke 10:25-37. Here at LRV, while not everyone would claim to be a Christian, we see and hear too often disputes and words of anger, placing blame on this or that. Is God alive and well here in your home, in your sphere of influence?

In the weekly Bible study each Thursday, all who reside here in LRV are prayed for, while not by name but as if we were a family. We have a great group here and I for one pray that it will continue to grow more like Jesus. You may not be able to attend the Thursday Bible study at 10:00am, but I encourage you to remember our needs here in this community and what you can do to make a difference. When was the last time you prayed for our manager, our office staff, as well as our maintenance crew?

### Forgiveness Range

You might think by the title, Forgiveness Range, I'm about to talk about Karen and her ability to forgive and love me, but this is really about hearing aids.

Karen had a long time friend come into town who has a profound loss, Anita. This visit gave us the opportunity for her to leverage the latest in technology.

I was able to let her try new technology that I can program from a distance.

Anita has a profound loss across the board. Karen noticed an unusual aspect to Anita's hearing test, her range to hear sounds at all is very narrow.

The range in which a person can notice a sound, whisper level, up to their preferred volume is called the dynamic range. Within this dynamic range is the forgiveness range, this includes noticing sounds with a possibility of understanding into the preferred volume with ease of understanding. Within this forgiveness range is the programming range, the loudness you want to hear sounds for your best understanding.

A moderate loss might have 40 dB dynamic range and their forgiveness is a bit less than 15 dB so programming is a bit easier. I would be able to program sounds inside that 15dB range and the moderate loss client would likely understand these sounds. This broad forgiveness range allows more opportunity for clarity.

Anita has a narrow dynamic range of 10 dB. Within that range she can notice a sound. Her programming range is really within 5 dB. So I had to be very precise in programming to offer her the best opportunity to understand what Karen was saying.

Anita wore the new technology and kept commenting how much nuance she heard within speech. She heard the distinction of "s's" and enjoyed how clear she could hear. By leveraging the latest in technology and programming in her narrow range, she is able to hear well.

If you have struggled in the past to get the right program for your loss, call for a free demo of the latest technology so you have an opportunity to hear clearly.

### Golf – Couples League

As expected, the number of people golfing with our group increased in October and November. I continue to hear from golfers who will be arriving in Lazy River in December and January who are looking forward to joining our group on Sunday afternoons at Waterford Golf course.

As of November 1st, our green fee for 9 holes with a cart has been \$30.00 plus tax. This rate will stay the same through to the end of April, saving us the increase that is otherwise applied in January. A small bucket of range balls is included with our green fee, if anyone wants to use the driving range before golfing.

The goal of our group is to meet other residents of the village or get to know them better while enjoying a sport we all like. The format is a scramble, i.e., each person takes their own shot but the foursome plays from the best shot. A drive from each member of the foursome must be used at least once during the game. Most golfers enjoy a libation in the clubhouse after golf and when there are approximately twenty diners, the kitchen will stay open until 4:00 p.m. to serve us. That usually happens in January but could be sooner if we have the numbers.

The membership fee is \$10.00 per person for the season, which I will start collecting when I arrive. The fees will be used for prizes in January, February and March and for our end-of-season party. If you are interested in golfing with the Couples group or if you have questions, please email me at [sharon.anderson.olmstead@gmail.com](mailto:sharon.anderson.olmstead@gmail.com). You do not have to be a "good" golfer or part of a "couple" to participate. I can "couple" an individual with another individual or a couple when I make up the schedule.

## Men's and Women's 9 Hole Golf

The Women and Men's 9 Hole Golf groups take to the links on Friday afternoons at Long Marsh Golf Club at Rotonda West., the first tee time usually being at 12:32pm. There are three courses at Long Marsh so we do get some variety in the courses on which we play.

The rate structure for the green fees this season is as follows:

- November and December - \$27.00 plus tax
- January, February and March - \$30.00 plus tax and
- April and May - \$22.00 plus tax

The cost of a cart is included in these rates.

If you are interested in playing 9 holes of golf with our group, please contact Bob Jones, by e-mail ([jonesra8@aol.com](mailto:jonesra8@aol.com)) or by telephone (774-414-3074).

## Pickleball

Many Lazy River Pickleball players have returned. We have had a steady increase in players, with enough players to fill four courts. It is wonderful to catch up with friends and meet new people.

We had a special guest, Ken Henderson join us on the courts. Ken is a certified Pickleball teacher and a national medalist. It was quite thrilling to play with such a high caliber player. Also helpful to have someone take teachable moments during the game to help us improve our skills. Thank you, Ken. And sending out a big thank you to Lou Duke for inviting Ken to Lazy River.

USAPA rule changes have been published. I would like to share two rule changes that would impact us at Lazy River:

1. The Drop serve will be made permanent.
2. If the server calls the wrong score, once the serve is made, play should continue to the end of the rally and the correction made before the next serve.

We have a membership meeting scheduled for January 10, 2022 at 10AM.

The courts are the place to be as pickleball continues to be a very popular activity at Lazy River. See you on the courts!

## ECHO

*(Everyone Can Help Others)*

Echo is a committee of volunteers from our residents who meet monthly to confidentially discuss needs of our residents or renters.

The volunteers can make phone calls, visit, and provide assistance with maintenance of property, garden yard work, and minor repairs. Food shopping, make trips for errands, tidy up the house, some cleaning, and provide transportation. Additionally, we have information, such as medical and community resources, meals on wheels, home health agencies, companion care, and county resources assistance. The idea of Echo is to offer help to all residents, including renters, creating a culture of neighbor helping neighbor. It is also a way of getting to know your neighbors.

Looking toward the future, we are in need of Committee members and volunteers. The volunteers can choose how much time to be available and/or schedule specific days. Contact The Chair with questions or requests for registration forms.

Committee members are: Joyce Cote, Pat Krome, Ellie Marrone, Pat Weaver, and Marion Myers. They can be contacted directly or call Chair person - Rosemarie Sulzbach at 941-875-3635.

The committee members are listed in the Lazy River 2020 Resident Directory, with their individual phone numbers. You can call anyone of us to refer someone who has a need, or email a request for services. We are committed to keeping the information in confidence. If you are interested in getting involved we will be happy to provide you with a survey form. We also send out survey forms yearly to residents who may want to volunteer.

## Boat Club

Hopefully, the coming year will see a lot more activity than the Covid-19 wrecked season last year. One of the first activities is the Christmas party on Thursday, December 16, 2021. Appetizers and light snacks will be served. And bring your favorite holiday adult beverage.

To start the new year the highlight will be the Commodores Ball and Change of Watch dinner meeting on Thursday, January 13, 2022. The theme is the 1960 era of PEACE, LOVE AND POLITICAL DISCORD (sounds familiar). A special 60's cocktail will start the evening. The Dukes of Brinkley will entertain us as they did a great job two years ago.

I do want to thank a couple of people for their service to the Boat Club. Last year Mary Berg became the Treasurer after Peter Rapelje's many years of service. Many thanks to Mary for stepping in to fill an unexpected gap. On a longer term basis, Larry Hicks (past Commodore) has agreed to serve as Treasurer as we become more active for 2022. Thanks again to Mary and Larry. Like all clubs, this Boat Club is dependent on volunteers to carry out its activities.

### Line Dancing

Hello, LRV Line Dancers.

Last year we had to bring our class outside to dance due to the COVID-19 virus. It all worked out and felt so good to feel the fresh air.

This year, we will be back in the clubhouse. We will be starting up on the 7th of January 2022 and dancing through to the end of March.

Come on out and join us for some fun and exercise. We have a lot of new people here at LRV, so we hope to get some new guys to come out and join us, so we can also do some couples dancing along with the line dancing. It's a lot of fun. C'mon out guys and give it a chance.

See you at the clubhouse every Friday from 1:00PM to 2:00PM starting on the 7th January 2022

### Lazy River “Nite Riders” Club

Welcome back to all our Snowbirds and all our Lazy River Nite Riders.

We have many new residents who we would like to meet, and welcome you to our club. You may have seen 4 or 5 of us riding our bikes on every road in our village this summer.

We have 23 members in our club, and invite all of you who would like to join us and ride your bikes, 7 days a week (or as you wish).

We ride on every road in the village (3 miles). Some of our riders join in and leave the group as needed. All ages are welcome. We have from 55 to 95 year old lady riders. Men are very welcome to join us. We meet at the bocce courts at 6:30pm. Once the sun starts to set earlier, we will change the starting time to 5:30pm. Our ride takes us less than an hour, unless we stop to socialize with walkers, neighbors, dogs and golf cart riders.

We love to ride for many reasons: The beauty of God's nature and wildlife, rainbows, sunsets, exercise, companionship, fun and laughter. Sometimes we share homemade cookies (Pat Krome makes delicious ones).

We ride in all parades at Lazy River. We also love to have picnics at the point by the river and boat docks. We even have a theme song which was written by 2 of our residents – Jim and Carol McMahon, aptly called the Lazy River “Nite” Riders.

I am in the process of trying to find a new vendor to order our group T-shirts. If anyone can recommend a person or local vendor, please call me at 617-678-9569.

### Woodworking Club (Come See What We Saw)

It's December already. Hope you all had a good Thanksgiving. Boy, does time fly. The older we get the faster it seems to fly. I remember sitting in class in grammar school with two minutes to go before the bell rang for the next class. The teacher was asking questions and we sat there hoping she would not call on us. We kept watching the clock and waiting for the bell. Those two minutes seemed like forever.

Here are the reminders for coming events for the Wood Shop.

**The annual meeting** takes place on Tuesday, January 25, 2022 at 10 a.m. in the Card Room. Dues not paid yet, can be paid then.

**The Lazy River Horse Race Derby** takes place on Saturday, March 5, 2022 in the Club House. The horses haven't run for quite a while because of Covid-19 and are chomping at the bit to run again. Be sure to mark your Calendar for this event. You don't want to miss this event as it has always been an all time favorite.

We are still looking for people to serve as board members. Contact Dick Case if you are interested.

**The following is a message from Dick Case, President of the Wood Shop.**

A number of complaints have been noted on Facebook about mail/packages being delivered to the wrong location. This was noted by a couple of long time residents who have contributed greatly in many ways to Lazy River, and they have generously offered to fund the wood shop to make and install the remaining approximately 130 mailbox numbers. The work has begun in the wood shop with the installation completion targeted for mid-December. The wood shop would like to thank them for their continued generosity and commitment to help the residents of Lazy River, but their wish to remain anonymous will be respected. It should also be noted that the mail

person is doing a difficult job due to the fact that some mailboxes have no numbers or hard to read numbers and that the sequence of numbers is not logical in many locations in the village.

A survey was taken at a recent Koffee Klatch about how many people have been to the wood shop and over half of the 60 people there had not. So in order to get more people familiar with the shop and the new arts and crafts room adjacent to it we are planning to do a couple of "open houses," the details of which will be noted in the Friday Blast on Facebook and at a future Koffee Klatches when the plans are finalized.

We would like to thank Mike McDonald for donating some LED lights to the wood shop and also, taking the time to thoroughly clean the shop with his power blower. Great job - it is much cleaner now. THANKS, MIKE!

#### Helpful Hint

How to make a smooth caulk joint. People have different tricks they use to produce a smooth joint. Some use rounded pieces of wood or plastic, or even their finger, all of them wet or dry. I prefer laying the bead of caulk with the gun and then wipe the seam with a rounded ice cube. You can shape the ice cube by melting it in the palm of your hand.

## Annual Toys For Tots Collection 2021

A HUGE Thank You for everyone who has already donated toys and/or money for this project. Chuck and I appreciate all the donations. Toys are for kids from 2 to 14.

Tuesday, December 15th is the last day to turn in toys. Toys can be left in my lanai or I can pick them up. Sorry but there will not be a Yankee Swap this year due to the virus.

## The Current Sky

Hello again, Everyone!

If you have not already checked out the evening sky last month, check out the bright planet Venus that continues to hang low in the western sky after dusk. Although that is quite a view, the most interesting object we can see in December will be Comet "Leonard", first discovered at Mt. Lemon Observatory in AZ during January of this year (Comets are named after their discoverer). This object will be in the eastern sky before dawn, just north of the star Arcturus on December 6 (see the small crosshair of Leonard in the screen shot). No one is exactly sure at this point how bright it will be, but plan to use binoculars, if you have them, to make the comet a little easier to see. If you are keen eyed, it should be available without binocs as well. At that point, there should be a slight fantail to the comet as well. Hopefully it will exceed expectations regarding how bright it becomes.

As many of you know, I do have a ten inch Newtonian reflector telescope here in FL. For this season, I have also brought down a self-driving eight inch telescope, along with a few very good eyepieces. I look forward to sharing views with those that are curious!

Till the next time - Clear Skies and Good Health!

## A Canadian Lament

Finding Lazy River was a really good thing  
Activities from every corner spring  
Neighbors are friendly and fun  
I so enjoy the winter sun!

Then to my horror, when I left town  
I was forced to go north and hunker down  
A world-wide virus turned things to a halt  
Till lock-down felt like an assault.

Missing last winter was not the deal!  
Facing a northern winter, was so unreal.  
Who knew there was so much snow???  
I tried, but failed to go "with the flow".

Enough is enough; I've had more than my fill  
The border won't hold me!! Or maybe it will?  
My heart is set and I have to say  
Hey Lazy River, I am on my way.

### Potluck

Potluck parties held in the clubhouse, are a great way to get together – a place to meet new friends and neighbors. It's a party without putting a lot of stress or expense on the one person hosting the event. The responsibility for food, beverages and work are shared. Each guest contributes a dish to be enjoyed by everyone. The memorable ones are often the homemade family favorites that are tried and true. (in our family they are the ones grandma doesn't have a written recipe for, it's just etched in her brain.)

There is a small cost (\$3.00) for the overall experience that includes theme decorating, entertainment and dessert. It's intended to be a happy experience for everyone attending. Tickets are sold at Koffee Klatch along with a sign up for category of food.

We hope you join us.

## Christmas Lights

Thank you to all the volunteers who made the Christmas lights glow for Lazy River Village. We especially appreciate all the help that the leaders of each area, gave to make their area shine. We need more volunteers who are willing to climb the ladders to make the trees stand out - thank you!

We will be leaving the lights up until after "Little Christmas," so that the late snowbirds can enjoy the scenery. We would like to thank the maintenance crew, Ken and Mike, for helping to keep the lights on. We sure do miss Mike Riha!

There will be a "thank you" get together on the afternoon of the "take-down" —to be determined. It will be from 2:00pm to 4:00pm and all the volunteers and their spouses/significant others will be welcome.
